

## [EN] This Perfect Day

This Perfect Day

Don't talk to me about what you done  
Ain't nothing has changed it all goes on  
And they'll keep laughing till the end

I've seen them drive around in cars  
All look the same get drunk in bars  
And don't talk back we got no social rights

This perfect day  
What more to say?  
Don't need no one to tell me what I don't already know

We got no high times always flat  
If you go out you don't come back  
It's all so funny I can't laugh

This perfect day  
What more to say?  
Don't need no one to tell me what I don't already know

Don't talk to me about what's you done  
Ain't nothing has changed it all goes on  
And they'll keep laughing till the end

This perfect day  
What more to say?  
I don't need no one to tell me what I don't already know

Song Info

Erstveröffentlichung	2017
Erstveröffentlichung (original)	tba
