There's a [new guitar in town](#)

There's a [new guitar in town](#)

He smiles and turns away (Guitar)

The kids ask him to play (Guitar)

All the girls can't wait to see (Guitar)

The idol of their dreams (Guitar)

And when it's time to go (Guitar)

They've seen the greatest show

Oh, where the time goes

They don't know

It's easy cause he's great (Guitar)

He makes the crowd wait (Guitar)

All the girls can't wait to see (Guitar)

The idol of their dreams (Guitar)

And when it's time to go (Guitar)

They've seen the greatest show

Oh, where the time goes

They don't know

Any place, any time (Guitar)

He makes the girls feel fine (Guitar)

He's kind as well as cruel (Guitar)

They think he's oh so cool (Guitar)

But when it's time to go (Guitar)  
They've seen the greatest show  
Oh, where the time goes  
They don't know

There's a [new guitar in town](#)  
There's a [new guitar in town](#)  
There's a [new guitar in town](#)  
All the girls are hanging around  
There's a [new guitar in town](#)  
All the girls are hanging around

There's a [new guitar in town](#)  
There's a [new guitar in town](#)  
There's a [new guitar in town](#)  
There's a [new guitar in town](#)  
There's a [new guitar in town](#)
