

[EN] Your generation

Trying to forget [your generation](#)

You know all the ways when in what I see

The ends must justify the means

Your generation don't mean a thing to me

I say [your generation](#) don't mean a thing to me

I say [your generation](#) don't mean a thing to me

Might take a bit of violence

But violence ain't our only stance

Might make our friends enemies

But we gotta take that chance

There ain't no time for substitutes

There ain't no time for idle threats

Actions are rather hard to place

Cause what you give is what you get

So that's [your generation](#)

It's [your generation](#)

Well it's [your generation](#)

It's [your generation](#)

Trying to forget [your generation](#)

You know all the ways when in what I see

The ends must justify the means

Your generation don't mean a thing to me

I say [your generation](#) don't mean a thing to me

I say [your generation](#) don't mean a thing to me

Might take a bit of violence

But violence ain't our only stance

Might make our friends enemies

But we gotta take that chance

There ain't no time for substitutes

There ain't no time for idle threats

Actions are rather hard to place

Cause what you give is what you get

So that's [your generation](#)

It's [your generation](#)

Well it's [your generation](#)

It's [your generation](#)

To the end

Justify the means

To the end

Justify the means

To the end

Justify the means

To the end

Justify the means

It time for generation
