

## [EN] Dog Eat Dog

Hell yes we're feeling good,  
backed up against the wall,  
time and time blinded by the glamour.

Walking down this trail of tears,  
where the angels will appear,  
if you believe the propaganda.

Oh the things that nearly kill you,  
will make you stronger  
and life goes on.

We wanted something better.

We wanted something more,  
but [dog eat dog](#) is the new law.

We've had enough of being lied to,  
had enough of hate and war,  
but [dog eat dog](#) is the law.

Oh the things that nearly kill you,  
will make you stronger  
and life goes on.

And every day could be a new beginning  
and every day is the chance to start again!  
Still we believe the stories we can't give 'em

and wonder why the fighting never ends.

Unity, peace and freedom and solidarity -  
these are the words they use to send us asleep.  
Meanwhile we're terrorized by distorted news,  
nothing left to live for,  
nothing left to loose!

Oh but you know if it won't kill you,  
it will make you stronger  
and life goes on.

Welcome to the new beginning,  
here's a chance to start again.  
Oh yes we know that we can make it.  
Sure we can't all be winners,  
someone has to be on top,  
decide yourself: do you wanna take it?

'Cause all the things that nearly kill you,  
will make you stronger  
and life goes on.

And every day can be a new beginning  
and every day is the chance to start again.  
Maybe one day we can all be winners,  
maybe one day we can all be friends.

Yes one day we will all be winners  
and one day we will all be friends.

It's [dog eat dog!](#)

It's [dog eat dog!](#)

It's [dog eat dog!](#)
